

Major Projects and Activities

In the Oil and Gas Companies

1. Design and construction of two crude oil storage tanks, including the cooling and fire fighting systems furthermore the breathing valves

ESH EL MALLAHA PETROLEUM COMPANT (ESHPETCO)

2. De- Sludge, cleaning and overhauling of two storage tanks, covered the replacement of the bottom, two courses from the shell, the corroded parts of the roof, sand blasting, repainting, and new fire fighting system

ALEXANDIRIA PETROLEUM COMPANY

3. De Sludge and cleaning of six huge storage tanks

SUMED

4. De-Sludge and cleaning of one crude oil Storage tank

SEUZ OIL COMPANY (SUCO)

5. Replacement of 16000 Square Meters of ASBESTOS by UPVC sheets

GENERAL PETROLEUM COMPANY GPC

6. Repair of six Cracks of single deck floating roof of crude oil storage tank, the tank was full and in service

EAST ZEIT PETROLEUM COMPANY (ZETCO)

7. Complete overhauling of the Nitrogen turbine

ALEXANDRIA PETROLEUM COMPANY

8. Oil recovery, cleaning, cutting, transport and storage of 80 KM loading pipeline 18" diameter

GENERAL PETROLEUM COMPANY (GPC)

9. Disposal of 120 ton hazard waste chemicals

NORTH ALAMIN PETROLEUM COMPANY

10. Disposal of 40 tons contaminated materials with Mercury

KHALDA PETROLEUM COMPANY

11. Fire Proofing of the gas plant

UNITED GAS DERIVATIVES (UGD)

12. Recovered 1000 Tons Crude oil From Sludge tanks NO 2 crude oil

MIDOR REFINERY

13. Preparing the Rig site, cellar, cutting pit, the well testing ground facilities,
and drilling waste disposal

RWE DEIA

14. Man power Supply (drilling Man Power)

AL MANSOURA Petroleum Company
